

MORE MOVEMENT

PAPER CHASERS

Kids need to stay active especially if they spend a lot of time indoors. Why not try these fun treasure hunts that will keep your kids moving even when they are indoors?

NESTLÉ for HEALTHIER KIDS 

What you need:

- Coloured sticky paper

How it works:

- 1 Select one of the treasure hunts.
- 2 Set up the game for your children.

SCAVENGER HUNT

Choose different coloured sticky paper for each child playing. Place the papers in several locations throughout the house. Whichever child finds all their coloured paper first wins.

POINT HUNT

Each colour paper is worth a certain amount of points. Hide several papers around the house and give kids one minute to find as many as they can. Highest score wins.

PAPER WAR

Each child chooses one colour as their own and places several pieces on a wall. In one minute they must try and steal as many pieces from the opposite team. Whoever has the most of the other player's paper in the end wins.
